Cell Type Accuracy of Bronchoscopic Biopsy Specimens in Primary Lung Cancer
Adnan Yılmaz, et al.

Influence of Superior Vena Cava Syndrome on Prognosis of Small-Cell Lung Cancer
Tülin Sevim, et al.

Clinical Features and Outcomes of Small-Cell Lung Cancer Cases from Northern Turkey
Hasan Tatlısöz, et al.
The Turkish Respiratory Journal (TRJ) is published by Turkish Thoracic Society and issued quarterly. TRJ is the official journal of Turkish Thoracic Society. A volume includes two issues (June-December).

TRJ focuses on clinical, in vitro and animal studies that contribute to the understanding of pathophysiology and treatment of diseases that affect the respiratory system and critically ill patients. Original studies, reviews, case reports, editorials and letters to the editor are invited for publication. Contributors are requested to read “Instructions for Contributors”.

Subscription to the Turkish Respiratory Journal is included as one of the benefits of membership in the Turkish Thoracic Society. Subscription for nonmembers are available to the TRJ. The subscription price of TRJ is 10 million TL per year for individuals, 15 million TL per year for libraries and institutions. Outside Turkey, subscription rate is $150 per year. Subscription fee should be transferred to Yapı Kredi Bank, Gazi Hospital Branch, account #0728-6-1030555-0.

All articles published in the Journal are subject to copyrights owned by Turkish Thoracic Society. Reproduction of any article by any means without the expressed prior authorization of Turkish Thoracic Society is prohibited.

TRJ is published with a grant from

GlaxoSmithKline
